- 14:20-14:50** Presentazione e Q&A a cura di Alessandro Gallo, Direttore Generale Springer Healthcare Italia.
Il ruolo dell'Intelligenza Artificiale nella trasformazione digitale nel farmaceutico e nella comunicazione scientifica.
L'IA offre opportunità uniche per l'innovazione e per una collaborazione trasversale tra i diversi settori, potenzialmente migliorando la qualità dei contenuti, individuando tendenze e favorendo la ricerca. Questa sinergia promette una trasformazione radicale nella condivisione delle conoscenze e nello sviluppo di trattamenti per la salute globale, se si tiene conto dei limiti e dei rischi di queste applicazioni.
- 14:50-15:20** Premio ricercatori 2024: consegna dei premi a cura dei Membri della Commissione
- 15:20-16:30** **Talk show innovazioni e sfide nell'applicazione dell'Intelligenza Artificiale (IA) nei Trial Clinici**
